

# Walker Jerry Jeff, Down In Texas

ya down in texas we got our own style  
we say &quot;we're fixin' to&quot; in country mile  
10 cowboys hats and cowboy boots  
we say &quot;howdy yall&quot; well ah, howdy doo  
we're laid back crazy 'cause it's understood  
when you live down in texas life is good  
life is good  
life is good  
ya down in texas we know wrong from right  
work hard all day we party all night  
we say &quot;yes sir&quot; and a &quot;thank you ma'am&quot;;  
if you dont like it we dont give a damn  
we do things the way we think we should  
'cause we live down in texas where life is good  
this life is good  
ya life is good  
and every man in the whole wide world  
he falls in love with pretty texas girls  
i've found out that everythings true  
women all around, well come on through  
thats right  
hey down in texas we say &quot;dont complain&quot;;  
just thank the Lord for the pourin' rain  
guys he's got a bottle on sunny days  
we say we like it here, well either way  
we wouldn't change things even if we could  
'cause everyday in texas life is good  
this life is good  
ya life is good  
life is good  
ya life is good
