

Wall Of Voodoo, Me And My Dad

Me and my dad
We've got a good thing going
Fishing trips, the hard way's the best
Man-to-man talks, when the going gets tough
The tough get going
Follow me, son
I'll guide you the right way
Fix my car when the engine falls apart
Show me where the piston goes
Can you get this thing to start?
Father talks big business with authority
He's the big boss, he knows the levels of consistency
Father knows how to read his morning paper

Tellin' me how he died to live, workin' hard labor

Chorus:

Me and my dad

Me and my dad

Me and my dad

We've got a good thing going

Father talks big business with authority

He's the big boss, he knows the levels of consistency

Father knows how to read his morning paper

He's tellin' me how he died to live, workin' hard labor

Chorus repeat until fade
