

# Wallis Bird, All For You

I'm losing old tricks  
And buying new ones  
I pick a smile  
And a pocket full of posies  
Reality swells  
With my love  
I push the bed against the wall  
And say this is enough  
I will wait  
The longest wait  
Until you're back  
Into my loving arms  
My loving arms  
And when you're away  
I sing your songs  
Almost everyday  
All because  
When I'm with you  
I have magic  
And I'm all for you  
Catch a tear  
They're falling fast  
And as our time is running out  
I know we will last  
And you've got that thing  
Where you bring down the walls  
Every time u look at me  
Oh can't you see how I fall  
And I will wait  
The longest wait  
Until you're back  
Into my loving arms  
My loving arms  
And when you're away  
I sing your songs  
Almost everyday  
All because  
When I'm with you  
I have magic  
And I'm all for you  
Say you love me  
And say you want me  
Never leave me  
Because you love me
