

Wallis Bird, Just Keep Going

Months pass by and I'm still the same
Can't stop saying your name
Pictures show I look so washed out
I haven't slept right for days
And I was crying
Please don't be inlove
Unless you love me back
Put on my shoes and go for a walk
But I can't escape my own thoughts
So I just keep going
Just keep going
And there's a turn
I'm so weak
I look in your eyes
And die
And there's a turn
I'm so bruised
I can't tell you cos I lose
I lose
So I just keep going
Just keep going
No distance showing
Just keep it
You just keep going
Just keep going
No distance showing
Dawns ride by and I'm still the same
I just can't shake this thing
I smile at you but I don't show my teeth
You'll only see half of me
When I stepped into someone elses arms
I knew I knew the truth
Kept leaning over to kiss their mouth
But I kept expecting you
So I just keep going
Just keep going
Just keep going
And I just keep going
And I just keep going
And I just keep going
And I just keep going
Just keep going
Just keep going
No distance showing
Just keep it
Just keep going
Just keep going
No distance showing
Just keep it
Just keep going
Just keep going
No distance showing
Just just just
Keep going
