

# Walls Of Jericho, Playing Soldier Again

Numbers of descendants  
Segregated by design  
Caught up in a purpose that disgraces their standards  
These actions wont help us end our fight  
Progress cant be made by weeding out the majority  
Eliminate the source but do not destroy the fighters  
The color of the oppressor is only  
The shortcoming of the disaster  
End the sinister accusations  
Acknowledge the foresight in which we hold  
To end oppression - doing it in an uneducated  
Way is not going to end it  
It's going to enforce ones reputation  
In a disgraceful manner  
To segregate us by color would be antithetical to  
What we are trying to accomplish
