

# Waltari, Autumn

Towards an autumn  
Towards, darkness  
(Better) fight the power!  
Like a New Years Eve  
A new day has just begun  
Keep yourself sharp, sharp as a knife!  
Towards the sunset  
Towards the distance  
(Better) fight the power

Through the year  
Spread a wider atmosphere  
Shine your light on the autumn sky!  
Be brave in the human race  
Confront your feelings face to face!

Towards an autumn  
Towards darkness  
(Better) fight the power!  
A start of a new circle  
A new day has just begun  
Keep yourself sharp, sharp as a knife
