Walter Egan, Feel So Good

So long... I've been waiting so long Just for someone like you To happen along And I know Ooh, that I've been before When I think of your smile And I hear your song

For you make me feel so good (Make me feel so good) Make me feel better than I thought I could I hope that it's understood I love you so much, 'Cause you make me feel so good

Someday... Ooh, I dreamed that someday All the trouble and steam Will be out of our way

I know... Our time together's been short Just believe what I say... You remain in my heart... There you stay

You make me feel so good (Make me feel so good) Make me feel better than I thought I could I hope that it's understood I love you so much, 'Cause you make me feel so good

You make me feel so good (Make me feel so good) Make me feel better than I thought I could I hope that it's understood I love you so much, 'Cause you make me feel so good
