

Walter Egan, Finally Found A Girlfriend

I remember how it was before I met my baby
I was sometimes lonely and sometimes crazy
I had a lot of girls to help me pass the time
But when she arrived I left it all behind

It's fine
It's fine
And she loves me so much I'm with her all of the time
It's fine, I found a girl
Finally found a girl
Finally found a girlfriend, yeah, yeah

And she made me understand what love can really mean
And now my nights are spent with more than dreams
I'm here to tell you now she loves me to the letter
And I must admit that I've never felt better

It's fine
Yeah, it's fine
And she loves me so much I'm with her all of the time
It's fine, I found a girl
Finally found a girl
Finally found a girlfriend
Ooh, yeah

Ooh, ooh, ooh
Ooh, ooh, ooh

It's fine
Yeah, it's fine
And she loves me so much I'm with her all of the time
It's fine, I found a girl
Finally found a girl
Finally found a girlfriend

Yeah, it's fine, I found a girl
Finally found a girl
Finally found a girlfriend

Yeah
It's fine, I found a girl
Finally found a girl
Finally found a girlfriend

Ooh, ooh, ooh
Ooh, ooh, ooh
