

Walter Egan, There Goes My Girl

by Walter Egan

There goes my girl there goes my baby
There goes my heart there goes my world
There goes my girl

There goes my girl there goes my little angel
There goes my dream there goes my pearl
There goes my girl

And when I think about her sometimes I break right down and cry
Can't help the way she makes me feel

(solo verse)

Bridge

There goes my girl there goes my one and only
There goes my heart there goes my world
There goes my girl
