

# Walter Egan, Won't You Say You Will

When my time is only  
Passing me from day to day  
And I'm feeling lonely  
About the best thing I can say...

You will understand me  
Never mind what they try to hand me  
Won't you say you will  
Won't you say you will  
Take me to your heart, dear  
Won't you say you will

Once I lost a good thing,  
I just let it slip away  
Now I'm lost and looking,  
Trying to find that thing today

Will you ever hear me...  
Say I need you near me  
Won't you say you will?  
Won't you say you will?

Take me to your heart, dear  
Won't you say you will?

Find a way, to help me see me  
Find the higher plane  
Don't you know, only you can free me

Find a way to help me see me,  
Find the better plane  
Don't you know, only you can free me  
From this crazy chain

Yeah...  
Won't you say you will  
(Will...)  
Won't you say you will  
Take me to your heart...dear  
Won't you say you will  
Won't you say you will...
