

# Waltham, Back To You

I'd like to think that this never would have happened  
If I'd only been straight with you  
Cuz' I know I tried to tell you every day  
I guess there's nothin' left that I can do

Are you afraid of what's been goin' on  
Could it be that I've been gone so long  
Is there something that you want to see  
Tell me baby, could it ever be?

Cuz if you're holding on, I'm holding on to you  
Cuz you're the only one'

I sit around in the van when no one's lookin'  
Tryin to figure out what to do  
I'm feeling bad cuz I know I should've told ya  
I was hoping you already knew

That you're afraid of what's been goin' on  
Could it be that I've been gone so long  
Is there something that ya wanna see  
Tell me baby could it ever be

Cuz if you're holding on, I'm holding on to you  
Cuz you're the only one'only one'

Can't ya see it's all for you  
I hipe you're waitin'k, cuz' I've veen telling everybody  
I've been waiting for the day,  
Cuz when it's over, ya know that I'll come runnin' back  
To you'  
I'm waiting for the day'It won't be long  
I hope ya ain't found anybody  
Can't ya see it's all for you  
Cuz when it's over, ya knopw that I'll come runnin'  
Back to you'

Keep holdin' on, keep holdin' on
