

# Waltham, Cheryl

Come and take a ride!

I knew this girl who couldn't read my face  
I'm twenty-one and she thought I was twenty-eight  
I'm freaking out, cuz I've been running for a while  
Baby, you ain't the first  
What can I say?

I know she's hurt from what that creep did outside  
He broke her heart and took her feelings for a ride, yeah  
I want Maria, but Maria don't care  
Baby, you ain't the first  
What can I say?

Come and take a ride  
Be with someone else  
Come and take a ride  
Be with someone else

When we went out she asked me what I like to drink  
I blew the answer cuz of you I couldn't think  
I lingered on and drank Tequila for a while  
Baby, you ain't the first  
What can I say?

Come and take a ride  
Be with someone else  
Come and take a ride  
Be with someone else

You said Cupid had not shot anyone else  
I guess my Cheryl was wrong

Come and take a ride  
Be with someone else  
Come and take a ride  
Be with someone else
