

Waltham, Laura

I thought about you early this morning
When I was sleeping, cuz I was dreaming
We were together baby, all night
And when I say you, I couldn't hold in
That I believe in, that you and me and
Love go together and it's all right
Cuz love said little girl

You're all right, so good
Cuz you're staying with me here tonight
In my bed, in my car
And I want you for good little girl
You're all right, so good
Cuz you're staying with me here tonight
In my bed, in my car
And I want you for good

But since I met you, I've wanted to say this
But I've realized that I never hold you
Cuz you've been seeing, that I'm deceiving
And no one hurts you and it's all right
I've thought about it and babe, it hurts me
That I'd be missing, me and you kissing
And us together baby all night
Cuz love said little girl

You're all right, so good
Cuz you're staying with me here tonight
In my bed, in my car
And I want you for good little girl
You're all right, so good
Cuz you're staying with me here tonight
In my bed, in my car,
And I want you for good

But since I've been faking, I can't take it
Now I'm screwing up baby
I should just say it, I think we can make it
Now you're turning out, little girl
I want to say little girl

I want you, girl
I need you, girl
I want you to stay here with me tonight
I want you, girl
I need you, girl
And I want you for good little girl
