

# Waltham, Maria Simeone

I've been dreaming about Maria Simeone  
For a long time  
I've been dreaming about romance  
And how we get it on  
And I would play and I would dance  
And baby I would be yours all night  
I think we should call your daddy up  
And tell him I'll be the one

And if for any reason he said I'm too mature, girl  
There'd be nothing that I wouldn't say  
To prove that I'd be the one  
So I'll give him the speech I'm working on

I don't care about these other girls  
Saying they'll be all mine  
I want Maria in that sappy-song way  
And I'll make to make it clear  
And I don't care about a small town  
Giving me a hard time  
Cuz they'll be hearing me in stereo  
And they'll see why I'm the one

And if for any reason he said I'm too mmature, girl  
There'd be nothing that I wouoldn't say  
To prove that I'd be the one  
So I'll give him the speech I'm working on
