

# Wanda Jackson, Did You Miss Me

Tell me did you miss me while I was gone did you wanna kiss me when you were alone  
Did you sit and stare at the telephone did you miss me while I was gone  
Our love is so suddenly and stir is so new I just want to know if you feel like I do  
Did you think about me while I was away and did every hour seem like a day  
Was it something inside that you just couldn't say did you miss me while I was away  
Our love is so suddenly and stir is so new I just want to know if you feel like I do  
Tell me did you miss me while I was gone did you wanna kiss me when you were alone  
Did you sit and stare at the telephone did you miss me while I was gone
