

Wanda Jackson, Girl Don't Have To Drink To Have Fun

I know what you're doing and I'll save you the trouble
I saw you wink for the waiter to slip me a double
If you want some barroom swinger I'm not the one
Cause I don't think a girl's gotta drink to have fun
Mama said when I went out in the world drinking ain't the thing for a sweet young girl
I didn't listen then but now I'm here to shout
That my dear old mama knew what she was talkin' about
So if you want another round just order one
Cause I don't think a girl's gotta drink to have fun
(guitar)
Don't bother bringing a bottle when you call
Cause I like my kisses straight or not at all
I wanna be sure I remember everyone
And I don't think a girl's gotta drink to have fun
Mama said when I went out...
No I don't think a girl's gotta drink to have fun
