

Wanda Jackson, I Wanna Waltz

Well we used to waltz that go out dancin' now you look like a cat a prancin'
I just stand with you at the floor while you swing out I holler for more
I wanna waltz but I can't waltz without you I'd be so blue
Well you gotta bop and you ain't happy till they play you somethin' snappy
All you wanna do is go cat go all I wanna do is slow down slow
I wanna waltz but I can't waltz without you I'd be so blue
(guitar)
I jig on the stand while the bop keeps a goin'
With the music stuff you're poppin' and a blowin'
Looks like somethin' spite in you but you cut loose and be bop a loo
I wanna waltz but I can't waltz without you I'd be so blue
Well you gotta bop and you ain't happy...
