

# Wanda Jackson, In The Middle Of A Heartache

I'm in the middle of a heartache half out half in  
Not quite out of love with you not too much in love with him  
I'm in the middle of a heartache half way half blue  
Can't give all my love to him when I'm still in love with you  
Just when I think that I've forgotten you the mem'ry of your love grows dim  
That old pain starts again of wanting you more than I ever wanted him  
I'm in the middle of a haertache heart old heart new  
Can't give all my love to him when I'm still in love with you  
( ac.guitar )  
Just when I think...
