

# Wanda Jackson, Money honey

You know the landlord that rings my frontdoor bell I let him ring for a long long spell  
I went to the window I peeped through the blind  
And asked him to tell me what was on his mind  
He said money honey uh huh money honey money honey if you wanna stay here with me  
I screamed and I hollered I was so hard pressed I called the man that I love the best  
I find he got my baby bout half past three  
He said I'd like to know what you want with me  
I said money honey oh oh money honey  
Money honey if you wanna get along with me money honey  
I screamed and I hollered I was so hard pressed I called the man that I love the best  
I said tell me baby face to face how could another woman take my place  
I said money honey oh oh money honey money honey if you wanna get along with me  
Now I've learned my lesson and now I know the sun may shine and the winds may blow  
The men may come the men may go but before I'll say I love 'em so  
I'm gonna say money honey uh huh money honey  
Money honey if you wanna get along with me
