

Wanda Jackson, You Win Again

The news is out all over town that you've been seen out running round
I know that I should not complain I love you still you win again
This heart of mine could never see what everybody knew but me
Just trusting you was my great sin what can I do you win again
(steel)
I'm sorry for your victim now for soon her head like mine will bow
She'll give his heart but all in vain and someday say you win again
You have no heart you have no shame you take true love and give the blame
Just trusting you was my great sin I love you still you win again
