

Wang Chung, Devoted Friends

(Jack Hues)

If you have to leave after all that we've

Been through, been through

Been through

I can't be a friend if your heart has the end

In view, in view

In view

Chorus:

Because lovers never can be

Just devoted friends

How can we meet on a day in the week

And be true, be true

Be true

And how can I speak and pretend that I'm happy for you

For you, for you

Repeat Chorus

How can we meet on a day in the week

And be true, be true

Be true

And how can I speak and pretend that I'm happy for you

For you, for you
