

Wankelmut, Almost Mine (ft. Charlotte OC)

Waking up again
I'm always tired
Give it up
And watch me go
It wasn't always
Just a midnight fire
You used to call me
On the road

Out of love
I know you decided
Hurry up
Make me feel
What you don't
Come around
I'll let you take
What you want
Then go
Just go

I don't want to feel it
Every time
No I don't feel like
That you're almost fine
I don't want to feel it
Every time
Cause I know
You're almost mine

Give it up than
And watch me go
You're almost mine
Give it up than
And watch me go
You're almost mine

It was beautiful the way
We started
Said it can't be like before
I don't want to be
The only one who's calling
Can't make you feel me anymore

Out of love
I know you decided
Hurry up
Make me feel
What you don't
Come around
I'll let you take
What you want
Then go
Just go

I don't want to feel it
Every time
No I don't feel like
That you're almost fine
I don't want to feel it
Every time
Cause I know
You're almost mine

Give it up than

And watch me go
You're almost mine
Give it up than
And watch me go
You're almost mine

come around /2x
fire it up
than calm down
