

# War of Words, Aftermath

we must stand together in this time of need  
we must show the world we're still the free  
so we stand together in this time of need  
we are the free  
cause we all stand proud and strong  
we all stand proud and strong  
we all stand proud and free in nation 1  
we all stand proud and strong  
we can rebuild our monuments twice as high  
we'll show the world the true meaning of an eye for an eye  
cause it's our world  
and we all stand proud and strong
