

War Rocket Ajax, Don't Hold It Against Me

My friend o friend of mine.
We've been friends for a long time.
Don't hold it against me.
Don't mind that I was blind but know I see.

Come with me.
See your need.
Follow my lead.
Come with me.

Do you think I could hear from you?
Did you know that I'm human too?
No stranger to your pain the answer's within the poorin' rain.

My friend o friend of mine.
I know you know I changed my mind.
Do you see hope in me?
A light that shines in me?
