

War, Total War

Look and see the doom's day is here
Candles firing, shells exploded
The final truth is definitive
Crush the Christian opposition

Total war
Destruction is here
Final war
Armageddon is f**king there

Look and see darkness is here
A tanks are rumbling forwards
The final truth the fist of Satan
Perish the flames of hell

Total war
Destruction is here
Final war
Armageddon is f**king there

Total war
Destruction is here
Total war
Armageddon is f**king there
