(Intro: Holocaust)

Mint soup

Blueberry \_\_\_\_\_ monsters

West Coast, Black Knights, 'Kill or be Killed'

West Coast, Wu-Tang, Black Knights

'Kill or be Killed'

Black Knights, Black Knights

You hear it from the distance

(Chorus x2: Holocaust)

'Bluntz, Martiniz, Girlz and Gunz'

'Bluntz, Martiniz, Girlz and Gunz'

'Bluntz, Martiniz, Girlz and Gunz'

Girls and guns, girls and guns

(Holocaust)

Watermelon pie, train whistles and traffic lights

Murder who ain't acting right, tango with the gat tonight

Darkness in the storm drain, Architect - the drifter

Pistol in my coat, sipping English elixir

Hit by the forearm, fleeing with Veronica

Smoke jump a Ferris wheel, music out by the carousel

Mad maniac, the concrete professor

Hold a bloody lecture, Holocaust 'The Gunslinger'

Brick wall man from Long Beach who smokes

Bang Black Knights, choke, choke, choke

Grab a raffle ticket, lounging in the night heat

Cigar drifting smoke out in the twilight

Holocaust, mass racism, call me Mr. Constrictus

Alleyway butcher to inflict this

From the age of no sickness

Before they put eighty eight blackbirds in a perish pie

Hard rap fans cherished I

Hold mic prehistoric, category, there and fly

Sitting there in the sunset, old man with a gun threat

Might just fire a warning shot

Take baby steps, I'm loose out in the daylight

Where's brother brother, take care of sister sister

Keep the kids out of Hell, the lunch bell

Don't look under the bed or down the hallway

Chainsaw hands, the last hitchhiker

(Chorus x2)
