

Warhead, The Sword of Victory

From my land, the power was reborn
Given us by the gods to fight
Sword in my hands means war
Against enemies of my race
Battlecry will begin the fight
For ancient believes, for holy cause
I'll be loyal to the end to my pagan land
And I swear to fight for white law
For White Race I raise my sword
For my Faith I will go to the death
For my Fatherland I will sacrifice everything
For my Gods I will be loyal
