

Warlock, Sign Of Satan

See the evil signs
See some bloody crimes
Now hell's just begun
Satan's having fun
Every house in the street
Has evil seeds
The nature of the beast
Is in our breast
See some children cry
See young women die
In your neighbourhood
Streets are full of blood
Every house in the street
Has evil seeds
The nature of the beast
Is in our breast
Watch out
No-one will listen to your
Watch out
Crying
Watch out
No-one will listen to your
Watch out
Dying
See some madman's eyes
They tell you no lies
A million little knives
Destroy a million lives
Every house in the street
Has evil seeds
The nature of the beast
Is in our breast
Watch out
No-one will listen to your
Watch out
Crying
Watch out
No-one will listen to your
Watch out
Your dying
Watch out
No-one will listen to your
Watch out
Crying
Watch out
No-one will listen to your
Watch out
Your dying
Watch out!
