

# Warner Mack, As Long As I Keep Wantin' (I'll Kee

All my life I've been taught that skies are always blue  
That sometimes things you want the most won't always come to you  
Well since I won and lost your love the more I know that's true  
For as long as I keep wantin' I'll keep wantin' you  
As a boy when things went wrong it wasn't much to me  
It seems somehow I learned to take the bitter with the sweet  
But as a man I grown so weak and your love I can't undo  
And as long as I keep wantin' I'll keep wantin' you  
As long as there's a breath to breathe I'll always call your name  
Wishing you were here with me to live those times again  
I wish that I could say your love was just something I once knew  
But as long as I keep wantin' I'll keep wantin' you  
Yes as long as I keep wantin' I'll keep wantin' you
