

Warner Mack, Be Good To Your Neighbor Everyday

Be good to your neighbor everyday and lend a helping hand along the way
Try to understand 'em come what may so be good to your neighbor everyday

You never know what someone's going through until you've had the walk in their shoes
And sometimes a word of kindness from you
May be the thing they need to see 'em through
So be good to your neighbor...

(piano)

If you wear a smile and not a frown a ray of happiness can be found
And if there comes a time that you're down
You'll find you've got a friend to come around
So be good to your neighbor...
Yes be good to your neighbor everyday
