

# Warner Mack, I'm Gonna Move On

(Gonna move on gonna move on loving you's all gone wrong I'm gonna move on)  
Well all of my life I've been proud of this town I'm in  
Cause it's a place I was born and where our love began  
But every since your new love came along  
This town's no place for me so I'm gonna move on  
Gonna move on gonna move on I gotta find me a place where I won't be alone  
Gonna move on gonna move on loving you's all gone wrong I'm gonna move on

Well I'm gonna go where the big city lights shine bright  
And I won't get nearest lonely in the night  
And all day I work my fingers to the bone  
Then I won't always be thinkin' bout you and home  
And if by chance I find that I can't hide all these memories that's locked inside  
Well I'll just pack my bags and I'll be gone  
Yeah I'm gonna keep on runnin' till your mem'ry's gone  
Gonna move on...  
Loving you's all gone wrong I'm gonna move on
