

# Warner Mack, It Takes A Lot Of Money

Oh it takes a lot of money to treat my little honey like I want to  
Yes it takes a lot of money to treat my little honey like I want to  
I'd have to be a movie star and drive a great big Cadillac car  
And have a pocket full of money to treat my little honey like I want to

Well I'm so in love with you honey but my banker count sure runs thin  
And everytime I get a little money the prices get high again  
And it takes a lot of money...

( steel )

Oh these worn out clothes I'm wearin' they sure are an awful sight  
If it wasn't for these bills I'm carryin' I'd be with you every night  
But it takes a lot of money...  
And have a pocket full of money to treat my little honey like I want to
