

# Warner Mack, Talking To The Wall

Oh I might as well be talking to the wall  
I've known so long with me you've been unsatisfied  
So I finally found the strenght to say goodbye  
Why already I forgot a million memories and leaving you was easy as could be  
But I might as well be talking to the wall when I tell myself I'm not missing you at all  
Cause every time you come around I'll fall and I might as well be talking to the wall  
( steel )  
Oh it seems there's not a day that some friend of mine  
Won't bring back a mem'ry I'll recall  
Then I smile and say you know it's been a long long time  
And I hardly remember her at all  
Oh but I might as well be talking...  
Yes I might as well be talking to the wall
