

Warner Mack, Who's Gonna Mow Your Grass

Who's gonna dry your big blue eyes day after day
Who's gonna jump when you say frog
who's gonna bow and stray
after I've gone away

(drums)

Who's gonna kiss ya and who's gonna miss ya
who's gonna hold to your hand
Who's gonna chop your kindle and wood
after I've made new plans

Hey who's gonna be your man

Who's gonna bring you your breakfast in bed
Who's gonna whisper goodnight
Who's gonna keep you warm as toast
on those cold winter nights

And who's gonna be your puppy dog
When I'm a thing of the past
Hey who's gonna mow your grass

(drums - guitar)

Who's gonna bring you your breakfast in bed
Who's gonna whisper goodnight
Who's gonna keep you warm as toast
on those cold winter nights

And who's gonna be your puppy dog
When I'm a thing of the past
Hey who's gonna mow your grass
