

Warpaint, Champion

I'm an ocean
Breathing in and out
I'm a million years old
I'm a champion
I'm a champion

I'm an ocean
Breathing in and out
I'm a million years old
I'm a champion
I'm a champion

Breathe in and breathe it out
And here it is, I've got you
And here it is, I talk to you
I hope you'll figure it out
Everything you know about

I'm an ocean
Breathing in and out
I'm a million years old
I'm a champion
I'm a champion

And here it is, I've got you
And here it is, I talk to you
I hope you'll figure it out
Everything you know about

We're all the same sun
We're all our own sun too
We're all the ocean
We all look out at you
We're all the same sun
We're all our own sun too
We're all the ocean
We all look out to you

And here it is, I've got you
And here it is, I talk to you
I hope you'll figure it out
Everything you know about
