

# Warrant, A.Y.M.

Generation X  
We are complex  
Angst is the perfect wave  
Ride it and be well paid  
It all sucks by the way  
I wrote a new song today  
So upset with all I have  
And the world is such a drag  
I've become my own clich

I am an angry young man  
I am an angry young man  
A.Y.M. An Angry Man

Repeat the past  
It's a gas, gas, gas  
Make all the same mistakes  
That all my heroes made  
Pretend that I hate fame  
How dare you misspell my name?!  
Hurts so bad I have to fix  
Apology read by some chick  
Another million in the bag
