

# Warren Barfield, Soak It Up

I just saw the most amazing sunset  
Well I watched as it sank into the sea  
And bid another day goodbye by myself  
I heard a bird sing the most beautiful song  
But for the life of me, I can't remember that melody  
I just remember that I had to dance alone  
Oh and the days go by so fast  
And the memories  
They never seem to last  
And I'm quick to see all I don't have  
I need to change the way I look at  
All I look at

## CHORUS:

And soak it up  
Every little bit I can  
Enjoy all my day  
Before all my days end  
And whatever I get  
Always let that be enough  
And never forget to soak it up  
Yeah, yeah

Cause I could get caught up in this crazy race  
You know the world we live in leaves no room for second place  
But I've got to believe there's more to life than winning  
I ain't gonna miss out on  
All the beauty in my life  
Like my family and my friends and my wife  
All the God given gifts that money can't buy  
Oh cause the days go by so fast  
And the memories they never seem to last  
But I'm grateful for everything I have  
Cause You've changed the way I look at  
All I look at

## BRIDGE:

Ain't gonna be living tomorrows  
And missing today  
Ain't gonna be making treasures out of things that fade away  
No I'd rather be living every second  
Living every minute of every single day  
Oh I will
