

# Warren Brothers, Between The River And Me

I was 15 when my daddy died  
Momma worked 2 jobs just to get by  
Seemed like a blessing when Harley came around  
So she took his name but i had my doubts

Didn't take long for his drinkin ways  
To start showing up on momma's face  
One violent night hiding under my bed,  
I swore that he wouldn't see another sunset

Next day i followed him down to the riverbank  
I knew one of us wouldn't walk away

(Chorus 1)

Might of had a plan but he didn't know it  
Might of been scared but i didn't show it  
That's all between the river and me  
With the current and the rocks it could have been risky  
He might have been sober, but i brought the whiskey  
And That's all between the river and me

I walked up to him and i said his name  
Just so he could see the look on my face  
We stood eye to eye and toe to toe  
When i told him that he wasn't gonna come back home

He raised his fist to me but i didn't flinch  
I said i ain't your son or a son of a b\*\*\*\*

(Chorus 2)

Might of had a knife in my back pocket  
Might of pulled it out before he saw it  
That's all between the river and me  
I might of had a gun but i didn't fire it  
He might of tried to yell but i kept him quiet  
That's all between the river and me  
That's all between the river and me  
Ohh.. river and me  
Mmm.. yeah

The sheriff came knockin' on our front door  
Said they found his body by the resevore  
Bottle in his shirt, liquor in his blood  
Must have fallen in the river and he never came up...

(Chorus 3)

Might have been blood but they never saw it  
Just a little mud on the livin' room carpet  
That's all between the river and me  
After what he did lord it ain't no wonder  
Can't remember how long i held him under  
That's all between the river and me

That's all between the river and me  
Ohh, that's all, that's all between the river and me  
Oooohh That's all between the river and me, yeah
