## Warren Zevon, I'm A One Woman Man

(Tillman Franks and Johnny Horton)

If you told me that you loved me I would feel so proud You let me hold you honey I would holler out loud I'll never love another Even if I can Oh, come to me, baby I'm a one woman man

Won't you let me, baby, Just a kinda' hang around I'll always love you honey And I'll never let you down I'll never love another Even if I can Oh, come to me, baby I'm a one woman man

I'd climb the highest mountain
If it reached up to the sky
To prove that I loved you
I would jump off and fly
I'd even swim the ocean
From shore to shore
To prove that I love you
Just a little bit more

Won't you let me, baby,
Just a kinda' hang around
I'll always love you honey
And I"ll never let you down
I'll never love another
Even if I can
Oh, come to me, baby
I'm a one woman man

If you told me that you loved me I would feel so proud
If you'd let me hold you honey I would holler out loud
I'll never love another
Even if I can
Oh, come to me, baby
I'm a one woman man

I'll never love another Even if I can Oh, come to me, baby I'm a one woman man Come to me, baby, I'm a one woman man
