

Warren Zevon, Interlude No.1/Play It All Night Long

Grandpa pissed his pants again
He don't give a damn
Brother Billy has both guns drawn
He ain't been right since Vietnam

"Sweet home Alabama"
Play that dead band's song
Turn those speakers up full blast
Play it all night long

Daddy's doing Sister Sally
Grandma's dying of cancer now
The cattle all have brucellosis
We'll get through somehow

"Sweet home Alabama"
Play that dead band's song
Turn those speakers up full blast
Play it all night long

I'm going down to the Dew Drop Inn
See if I can drink enough
There ain't much to country living
Sweat, piss, jizz and blood

"Sweet home Alabama"
Play that dead band's song
Turn those speakers up full blast
Play it all night long
