

# Warzone, Brother And Sisterhood

## BROTHER AND SISTERHOOD

Verse:

Haven't I seen you somewhere before?

Hanging out on the stage on or on the dance floor

Trying to be a part of what you see

Brother and Sisterhood - One family!

One Family, One Family!

Chorus 1:

Looking for some answers

In this life, for what I pay

In you hearts and in your minds

they'll drive you insane!

Verse:

Haven't I seen you somewhere before?

Hanging out on the stage on or on the dancefloor

Trying to be a part of what you see

Brother and Sisterhood - One family!

One Family, One Family!

Chorus 2:

Go to a show

Looking around

I see many kids

What do you see?

Just one truth: our reality!

Bridge:

Looking like a freak, you don't have to say a word

Man, everywhere you go, they're always looking down

You try to free your mind from society

You'll never be the same if you quit their game

Inside my soul, I'm not afraid

You'll never understand what's inside of me!

ONE FAMILY!
