

Warzone, Countdown

Countdown- the pain
I feel inside
Countdown- I'm gonna lose my mind
COuntdown- there's nothign you can do
Countdown- I think I blew a fuse
Countdown- feels like I got burned
Countdown- so much pain in the past
Countdown- don't know if I will last
Can't you feel
Can't you see
Can't you hear
All the screams make you insane
Feel the pain, know
the fear
Countdown to all the shit you pulled
And for everyone that you fooled
Nowhere to run. Nowhere to hid
No more of your
bullshit alibis
