

Washboard Sam, I'm Feeling Low Down

I've got the blues
I feel so low down
I've got the blues
I feel so low down
It's all about my baby
Down in my old home town

She got really white teeth
And long, black, wavy hair
She's got really white teeth
And long, black, wavy hair
Yes, I love my baby
'Cause that stuff is really, there

'Play it, boy!

'My, my, my'

I'm goin' back home
Now, and take the righthand road

I'm goin' back home
And take the righthand road
An I ain't gon' stop
Until I get in my baby's do'

These hometown blues
Have got me down in mind
These hometown blues
Have got me down in mind
Because I love my baby
And this sufferin's unkind

'Play it boys, wup it'

'Yeah, yeah, yeah'

'Hit it!'.
