Wasia Project, ur so pretty

You're so pretty
When you smile, it kills me
Can't stop thinking 'bout the way you kissed me
Under the stars

And you're so lovely
When you cry, it hurts me
You're the only person left, so hold me
Don't leave me

I'm so scared that the moments we shared
Won't happen again
I don't want this to end

'Cause you're so pretty
When you smile, it kills me, oh-oh, oh, hmm
You're the only person left, so hold me
Don't leave me
