WASP, Can't Die Tonight

Oh yeah, here I go again Trading my sould to the night - but it's Alright, I got no pain tonight My demon alcohol's alive Oh no I can't stand Trading nine lives for tonight But it don't matter much Cause I don't give a fuck Hell on wheels I wanna ride

But tonight No I can't die tonight Maybe I'll live forever I just can't die tonight

Tonight No I can't die tonight So high I'll live forever No I can't die tonight

Whiskey bar superman I don't give a damn Oh it's alright I'm too numb to stand And I don't give a damn Oh too high to die

Can't die tonight No, no not tonight Can't die tonight Oh no tonight
