

# WASP, Fistful Of Diamonds

Money makes me crazy  
Money drives me insane  
Diamonds, silver, gold, and precious steel  
I want it all It's mine to claim  
I hold my hands out, I take it all

I want a fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds  
The millions are calling my name

Fortune come here to me, it's power that rules the game  
Seduction of silver and lawless greed  
I love it all, I damn the shame  
The root of all evil can hear me call

I want a fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds  
The millions are calling my name

Solitaire, come cast a spell of magic  
The smell of green I stack my dollars high  
Intoxicating, my mind's wreaking havoc  
A famous face, I get what you can't buy

I want a fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds  
The millions are calling my name
