

Watashi-Wa, Father, Son

Father he raised us in the grace of god
Jeep wagoneer and blue grass songs
He showed us all the things a proper father would
And even more than the best of fathers do

So father here is a song
That I'm singing
And I'd be blessed if you'd just sing along
Pop I've seen for, what I've seen of all the fathers in this world
They're not as great as my old man

So father here is a song that I'm singing
And I'd be blessed if you'd just sing along
Pop I've seen for, what I've seen of all the fathers in this world
