

Watermark, Everything

Everything, Lord I bring everything
I lift my hands and show You what I bring
I bring You everything
Everything, Lord I bring everything
My heart rejoices and the angels sing
When I bring everything
(repeat)

All of my heart I give
My life is to You an open door
Spirit, You're welcome to walk right through
And take with You...

Everything, Lord I bring everything...
(repeat first part)
