

Watermark, Good For Me

You bring life to my bones
And a spring to my step
And a heart that knows what it means
To wait before You
Laughter into my house
And a time to sing and shout
And a heart that knows what it means
To really trust You...
And when the shadow of sorrow comes
I will fall on the only One I know
Is the Rock that won't be shaken...

Chorus

'Cause it is good for me
To lay it down at Your feet
It is good for me to lay the good and bad
In Your hand, my God...
It is good for me
To lay it down at Your feet
It is good for me

You are the constant One
When my life is overwhelmed
And You stay the same when all around is changing
And, oh, how good it is, yeah
Just to know the life You give
And my song shall ever be
That my god is faithful...
And when the shadow of sorrow comes
I will fall on the only One I know
Is the Rock that won't be shaken...

And when I delight myself in You
You give me the desires of my heart,
When I confess that You know best
Peace flows like a river and joy comes in the morning...
