

Watermark, You Are My Stronghold

Lord you are my light and my salvation
Whom shall I fear if you are near
Lord you are my peace when there is war all around me
And even here inside me I will have no fear

Oh Lord you're my protection from my enemies
You set me high upon a rock and You defend my soul
And when their ways advance against me
I am confident that they cannot make me less, for you have made me whole
O Lord, you are my stronghold
You are my stronghold

Lord you are my strength so let my head be lifted up
That I may glory in the ways you've overcome
Lord you are my home because you've created in me,
a heart that lives the victory that you've already won

(x2)

Oh Lord you're my protection from my enemies
You set me high upon a rock and You defend my soul
And when their ways advance against me
I am confident that they cannot make me less, for you have made me whole
O Lord, you are my stronghold
You are my stronghold
